

BRIAN KING'ARA NJORGE
SOFTWARE DEVELOPER

Cell: +254703371828 | **E-mail:** briankingara4@gmail.com | **Location:** Nairobi, Kenya

Software Development | Web Development | JavaScript & TypeScript | React.js & Next.js | Node.js & Express.js/Nest.js | Database Development | Problem Solving | Collaboration | Scalability & Performance Optimization

PROFESSIONAL PROFILE

I am a competent software developer with expertise in JavaScript, TypeScript, and modern frameworks such as Next.js and Express.js. Passionate about building scalable, user-centric web based applications. Adept at working in Agile environments, collaborating with cross-functional teams, and continuously improving technical skills. Seeking a role that allows me to contribute my problem-solving abilities and innovation to a forward-thinking organization.

Key Strengths:

- Front-end and Back-end Development
- Agile Methodology & Team Collaboration
- Scalable Web Application Development
- Strong Problem-Solving & Critical Thinking
- Adaptability to Emerging Technologies
- Git & Version Control Proficiency

TECHNICAL SKILLS

- **Front-End Development:** HTML, CSS, JavaScript & TypeScript, React.js, Next.js, Tailwind CSS, shadcn/ui
- **Back-End Development:** Node.js, Nest.js, Express.js
- **Databases:** PostgreSQL, MongoDB
- **CMS & Other Tools:** WordPress, Git & GitHub
- Python programming

PROFESSIONAL EXPERIENCE

Software Development Intern

TradeFiti (October 2024 – December 2024)

- Collaborated in building a web application called **Buntu Network** (<https://buntu-network.vercel.app/>), a social networking app for professionals.
- Contributed to front-end and back-end development using Next.js, Tailwind CSS, Shadcn UI, and Supabase.
- Participated in agile sprints, code reviews, and collaborative problem-solving to deliver user-centric features.
- Enhanced user experience by implementing responsive design and improving application performance.

ICT Attachee

Wanunuzi Sacco - under Kenya Institute of Supplies Management (June 2023 – September 2023)

- Collaborated in designing and implementing a web portal for sacco members, improving accessibility and user engagement.
- Worked with the IT team to troubleshoot and resolve technical issues, ensuring seamless operation of web services.
- Conducted code reviews and provided constructive feedback, promoting best practices and code quality.

PROJECTS & PORTFOLIO
